

Later Life in the United Kingdom 2019

This factsheet is a collection of statistics on ageing and later life. It is compiled by Age UK from publicly available sources of research and statistics. This factsheet is not intended to be a fully comprehensive compendium. Where appropriate, we signpost to additional sources of information, statistics and reading.

Wherever possible, this factsheet focuses upon the older population of the UK.

Unless otherwise stated, the term "older" refers to persons aged 65 and above.

Age UK has a number of very informative policy position papers with facts and information on many of the topics covered in this document accessible via the website:
